CRA Public File Introduction

Introduction

The Community Reinvestment Act regulation requires all financial institutions to maintain a public file. The information in this public file must be made available to the public for inspection upon request and at no cost. If providing copies, the institution may charge a reasonable fee not to exceed the cost of copying and mailing, if applicable. The information in the public file must be current as of April 1st of each year.

A complete public file must be available at the headquarters. At each branch the public file must contain a copy of the public section of the institution's most recent CRA Performance Evaluation and a list of services provided by the branch. In addition, all the information in the public file relating to the assessment area in which the branch is located must be provided within 5 calendar days of a request for such information.

Additional Information

As of November 1st, 2024, Commercial Bank of California acquired Community Bank of the Bay and added 4 additional branches in northern California. Community Bank of the Bay will continue to operate as a Division of CBC. The branches will continue to operate and service clients with all products and services. This CRA public file contains CBC branches, products and services and all CBC Assessment areas. It also contains CBB branches and all products and services in all assessment areas.

HMDA Disclosure Statements

Home Mortgage Disclosure Act Notice

The HMDA data about our residential mortgage lending is available online for review. The data show geographic distribution of loans and applications; ethnicity, race, sex, age, and income of applicants and borrowers; and information about loan approvals and denials. HMDA data for many other financial institutions are also available online. For more information, visit the Consumer Financial Protection Bureau's Web site (www.consumerfinance.gov/hmda).

COMMERCIAL BANK OF CALIFORNIA

CBC Bank Products and Services

Personal Banking	
Personal Checking	This account provides the essentials, including the convenience of check writing and no monthly transaction limits. Linked with other services such as online banking and our Visa debit card, this account gives you everything you need to manage your personal finances.
Interest Checking	This account combines the convenience of Personal Checking with interest on your deposit balances. Your Commercial Bank of California account representative can help you compare account fees and interest earnings to see if Interest Checking is right for you.
Personal Savings	Earn interest on idle funds, with the ability to withdraw those funds or transfer to another account at any time.
Personal Money Market	All the advantages of Personal Savings plus the convenience of writing checks.
Certificates of Deposit	Earn interest on idle deposit balances that you commit to leave on deposit for a specific period of time. Interest rates will vary based on amount deposited and the deposit term. Substantial penalties apply for early withdrawal of funds before account maturity.
Additional Information	For additional details on Commercial Bank of California's personal deposit solutions, please refer to the Bank's "Account Agreement", available on request. All depository accounts are subject to fees and charges. Please refer to Commercial Bank of California's applicable Schedule of Fees for details.

Business Banking	
Business Checking	This account provides the essentials, including the convenience of check writing and no monthly transaction limits. Linked with other services such as online banking and remote deposit.
Business Interest Checking	This account combines the power and convenience of Business Checking with interest on deposit balances.
Business Analyzed Checking	With Business Analyzed Checking, each month we calculate an earnings credit based on the deposit balance during the month. This credit is then available to offset the cost of the services we provide for your business.
Business Savings	Earn interest on idle funds, with the ability to withdraw those funds or transfer to another account at any time.
Attorney Client Trust	This account provides an attorney or law firm to hold client or third-party funds in trust, separate from the attorneys' or law firms' funds
Business Money Market	All the advantages of Business Savings plus the convenience of writing checks.
Community Impact Accounts	Our Community Impact Checking, Interest Checking and Money Market accounts are designed for Non Profits and Non-Governmental Organizations (NGO's) making an impact in their communities. • Community Impact Checking • Community Impact Interest Checking • Community Impact Money Market
Certificates of Deposit	Earn interest on idle deposit balances that you commit to leave on deposit for a specific period. Interest rates will vary based on amount deposited and the deposit term. Substantial penalties apply for early withdrawal of funds before account maturity.

Additional Information	For additional details on Commercial Bank of California's business deposit solutions, please refer to the Bank's "Account Agreement", available on request. All depository accounts are subject to fees and charges. Please refer to Commercial Bank of California's applicable Schedule of Fees for details.
CBCashFlow	CBCashflow, powered by Autobooks, is a comprehensive automated accounting system for small to medium sized businesses. With CBCashflow, businesses can invoice their customers electronically, and customers can pay by credit card, debit card, or e-check with the click of a mouse. The result is accurate records and quicker cashflow for the business.

COMMERCIAL BANK OF CALIFORNIA

Electronic Banking	
Business eBanking	Business Banking is our state-of-the-art online banking solution for businesses, and offers access to a full range of online banking features and services, including: • Real-time deposit and loan account information • Alerts and notifications • Bank statements, including images of checks and deposited items • Real-time internal funds transfer • Loan payments and paydowns • Wire transfers, both domestic and international • State and Federal Tax Payments • ACH Origination • Stop payment requests for a single check or a range of checks • Data export to popular accounting systems including Quickbooks and Quicken • Access to remote deposits The new Full Administration access allows you to set up new users, reset passwords, assign access to individual employees or accounts, and assign transaction limits to users without having to call the Bank or sign additional forms. At the same time, our team of electronic banking specialists is there to provide the professional, personalized support you can always expect from Commercial Bank of California.
Personal eBanking	Personal eBanking offers the power of Business eBanking tailored to the needs of individuals. The sleek, full-function dashboard is customizable, and offers access to a full range of online banking features and services, including: • Secure access of real-time deposit and loan account information • Customized alerts • Bank statements, including images of checks and deposited items • Real-time internal funds transfers • Loan payments and paydowns • Stop payment requests for a single check or a range of checks • Data export to popular accounting systems including Quicken, CSV, and PDF Personal eBanking lets you take control of your online banking, allowing you to reset forgotten passwords and perform other tasks without having to call the Bank or sign additional forms. And as with all our eBanking products, our team of electronic banking specialists is there to provide professional, personalized support.

COMMERCIAL BANK OF CALIFORNIA

Other Banking Servicees	
Mobile Banking	With Commercial Bank of California's Mobile Banking Solutions, you can have the power of Business or Personal eBanking on your smartphone or other mobile device. Our free Mobile Banking app lets you manage your accounts whenever it is convenient.
Mobile Checking Deposit	Mobile Check Deposit provides even more balance to your life by making tasks a lot simpler and more convenient.
Remote Deposit	Remote Deposit lets business clients deposit checks quickly and easily without ever having to leave the office. With Remote Deposit, we set you up with a compact, state-of-the-art desktop scanner that scans your checks and creates electronic images for deposit. You then send those images to us over a secure internet connection. Deposits made by the cutoff time are credited on the same business day.
Online Bill Pay	Pay your bills online at any time, day or night, to anyone in the U.S. and its territories. This convenient online banking service lets you quickly and efficiently pay bills, transfer money, set up payees and more right from your computer. • Initiate payments when you want and where you want from any location with Internet access. • Set up one-time and recurring fund transfers for scheduled bills. • View payment history and pending transactions. • Modify pending payments including payees. • Assign levels of authority to create and approve payments. • Include invoice and credit memo data with your payments. • Sign up for online versions of your bill (electronic bill presentment). • Easily place stops on any payments you would like to cancel. Online Bill Pay works with our Personal and Business eBanking products, so you can enjoy full access to the extensive, real-time reporting of your Bill Pay transactions that these systems provide.
Lockbox	Lockbox Processing Services streamlines your receivables processing to reduce cost, improve cash flow and enhance productivity for your business. Mailed payments are routed to a unique post office box and then collected, image processed and deposited to your company checking account to accelerate the processing of paper-based remittance items. Lockbox also offers a comprehensive portal which will give you access to view data, transactions and images from any computer.

Check Positive Pay	Positive Pay helps protect your account against fraudulent check activity. Once you provide your check register information (check number, amount, data account number), the Positive Pay system monitors checks as they are presented for payment. If the clearing check matches the information you provided, we will pay the check. If something does not match, we'll give you the opportunity to view the check through our Business eBanking portal so you can decide to pay or have us return the item.
Payroll Solutions	Commercial Bank of California offers integrated payroll services that save time and money by making your payroll processing more efficient.
ACH Direct Deposit	Your payroll is deposited directly into each employee's checking or savings account. The disbursements are made electronically and give your employees peace-of-mind knowing their funds will be received on time, every time.
Making Tax Payments	We streamline the process of paying business taxes via Automated Clearing House (ACH) Tax Payment Services (TPS). Federal, state and local tax payments can be sent electronically. That saves time in writing checks, reduces fraud and give you great control of your cash.

Lending	
Business Lines of Credit	A Business Line of Credit is the perfect solution for short-term borrowing needs for which repayment is expected to occur in the near future. You have the flexibility to borrow as much or as little as you need to meet your specific working capital requirements. • With a Business Line of Credit, you incur no interest costs until funds are actually used and you can repay your borrowing at any time without any prepayment penalties. • Business Lines of Credit can be structured on a revolving basis – repaid funds can be re-borrowed if desired – or on a nonrevolving basis. Business Lines of Credit can provide access to funds for a broad variety of purposes, including: • Managing cash flows for busy seasons during the year. • Taking advantage of trade discounts. • Timing your inventory purchases. • Providing short-term cash flow while you wait for collection of receivables.
Business Term Loans	For longer borrowing needs, a Business Term Loan can be the perfect solution. Term loans are available to assist with equipment and machinery purchases, business expansion, business acquisition, permanent working capital or refinance of existing business debts. With a variety of fixed and variable rate options, our commercial loans can provide a valuable source of working capital for your business and help you acquire the resources you need to maximize your profitability and strengthen your competitive position.
Business Equipment Financing	If your business uses equipment in its operations, Business Equipment Financing can provide funding for the tools and equipment you need to keep your business growing. Repayment terms are flexible based on the cash flow needs of your business and incremental revenues the equipment will generate. Commercial Bank of California offers a variety of fixed and variable rate options to you to maintain a competitive edge by offering equipment financing to meet your business needs. CBC offers the following products under equipment financing : • Traditional term loan up to 100% financing. • Guidance Lines of Credit. The Guidance Line will allow you to finance a variety of equipment using different terms and structures over the course of the year as equipment is purchased.

Accounts Receivable Inventory Financing	If your business invoices on account and carries amounts due from customers or maintains an investment in saleable inventory, Accounts Receivable and Inventory Financing (sometimes known as "Asset-Based Financing") can be the ultimate cash flow tool for your business. We can provide the funding you need to keep your warehouse fully stocked with the items you need to keep your business growing. • Financing structure is similar to a Business Line of Credit, except that the amount of the line set as a percentage of your "borrower base" of eligible accounts receivable or inventory. • You only incur interest costs when loan funds are actually used, and borrowers are repaid as payments are received on your collected receivables or cash sales of inventory. Accounts Receivable and Inventory Financing typically benefits companies that have the following needs: • Immediate reinvestment of operating cash flows back into the business' working assets (such as new accounts receivable and inventory). • Managing cash flow over longer operating cycles. • Companies that operate profitably with higher leverage. • Companies with higher revenue growth rates leading to expanding working assets.

COMMERCIAL BANK OF CALIFORNIA

Real Estate	
Construction Loans	Whether you're a seasoned real estate developer or a business owner looking to construct a new facility, Commercial Bank of California has solutions. Construction Loans are available for a vast many owner-occupied and investor projects, including: • Commercial/Industrial and Warehouse Facilities • Hotels • Office and Medical Buildings • Retail Properties • Single-Tenant Properties • Apartment Buildings • Single Family Tract Homes and Condominiums
Commercial Real Estate Loans	Commercial Real Estate Loans are tailored for your needs, from short-term bridge loan financing, to "miniperms" and long-term permanent financing. We work with investors, developers, individuals, brokers and other professionals to structure loans that competitively meet your real estate lending needs. Commercial Real Estate Loans are available for owner-occupied and investor-owned properties, including: • Commercial/Industrial and Warehouse Facilities • Hotels • Office and Medical Buildings • Retail Properties • Single-Tenant Properties • Apartment Buildings

COMMERCIAL BANK OF CALIFORNIA

Small Business Administration (SBA)	
Small Business Administration (SBA)	Commercial Bank of California's lending officers are experts in SBA and can work with you to find the best U.S. government supported program available.
SBA 7a Program	As an SBA Preferred Lender (PLP), Commercial Bank of California can provide expedited services and faster turnaround to help your business thrive. We offer al the lending products and services you expect from your community bank, with a high level of personal attention. With favorable loan terms, such as low down-payments, longer maturities and smaller monthly payments, we keep your financing smart and efficient. Industries that may qualify for one of these government guaranteed loans include the following: • Manufacturing • Retailers • Professional Services • Hospitality • Assisted Living Facilities • Skilled Nursing Centers Building types that frequently qualify include: • Offices • Retail and Restaurant Properties • Warehouses • Industrial and Manufacturing Facilities • Child Care Properties • Assisted Living Centers • Professional Buildings • Hotels and Motels
SBA 504 Loans	The SBA 504 Program is designed for the financing purchased real estate or other long-lived assets (such as capital assets). In this lending arrangement, there is a mix of the customer's cash injection (of a modest amount), a loan from Commercial Bank of California, and a long-term loan provided by the SBA. The SBA portion is facilitated through an intermediary known as a Certified Development Company, which is licensed through the SBA.

Other Government Guaranteed Solutions	
Business & Industry Loans	The USDA Business and Industry Guaranteed Loan Program is designed to help create and maintain employment and improve the economic climate in rural communities. The program provides stability, growth, expansion, and employment for businesses in rural communities. USDA loans offer amortizing term loans granted with higher loan-to-value structures than would otherwise be made available and longer repayment terms to increase your company's net cash flow. To be eligible for a USDA B&I Loan, your business must be located within a rural community as defined by the USDA Mapping Program (except for Food Desert loans). Commercial Bank of California participates in the California Small Business Loan Guarantee Program (SBLGP), which provides loans to small businesses throughout the state of California to help create and retain jobs and invest in low-to-moderate income communities. The SBLGP offers eligible financial institutions a mechanism to provide loans to small businesses that may otherwise not be able to obtain a loan under conventional underwriting. The SBLGP is administered by the California Infrastructure and Economic Development Bank (iBank). iBank's Small Business Finance Center promotes statewide economic development by increasing opportunities for entrepreneurs, the self-employed, microbusiness and small business owners to have better access to capital and other technical resources.
Consumer Loans	Commercial Bank of California provides term loans and lines of credit to qualified individuals for personal, family and household needs. Consumer-purpose loans and lines of credit are available on a real estate secured basis (except for 1-4 unit single family residential properties) or on a non-real estate secured basis.

COMMERCIAL BANK OF CALIFORNIA

Payments	
Third Party Payments	As a bank card processor or ISO, you know that having a reliable banking partner is essential to your success. Commercial Bank of California is a Sponsor Bank and a member of Visa® and Mastercard® and provides ACH processing as a service, allowing you to offer one-stop access to the leading Card Brands and ACH to merchants across the United States.
Unique BINs and ICAs	At Commercial Bank of California (CBC), we understand the need for segregated BIN and ICA sponsorships for your payment processing. For this reason, we offer the option of having your own BIN and ICA, giving you a direct relationship with CBC as your sponsor/acquiring bank. This allows you greater control over how you manage, build, and maintain your payment processing business. CBC also offers a shared, indirect processor arrangement for faster integration and speed to market.

Credit Card Processing – Merchant Services	Commercial Bank of California is the best solution for your merchant processing needs. We offer outstanding pricing, fast funding, and various point-of-sale solutions.
	
	We provide you with the benefits your business needs:
	
	• A team of payment solutions experts
	• Personalized service
	• Highly competitive pricing with quick access to funds
	• Quick, easy transition from your current provider
	• Visa, Mastercard, Discover, and American Express acceptance available
	• Live 24/7 client support
	• Fast, reliable, user-friendly technology with security encryption to protect every transaction
	• We believe in constant innovation to provide you the technology that meets your business needs:
	  ○ Terminals (IP, wireless, cellular network connections)
	  ○ Customized eCommerce solutions
	  ○ Integration with Point-Of-Sale systems
	• Mobile Solutions (iPhone, iPad, or Android)

Automated Clearing House (ACH)	
Automated Clearing House (ACH)	Commercial Bank of California delivers the combined resources of our proprietary core processing platform and client experience model that has been leading the industry for ACH processing. Solutions: • Risk Management & Security • Customizable Payment Platform • Robust Customer Database • One-time Payment Form • Recurring ACH Credit and Debits • Invoicing and Billing • Real-Time Transaction Status Review • Standard and Custom Report Generation • Tokenization Service • API – Programming Language Agnostic • Online ERP and CRM Payment Integration • ODFI for ISOs • Weekend and Same-Day options for ISOs Featured Industries: • Educational Institutions • Non-Profit/Charitable Organizations • Public Sector Entities • Property Management • Fitness Centers • Parking and Transportation • Automotive Services • Software Vendors • Retail • Insurance • Healthcare

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory.**

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area (AA), including low- and moderate-income (LMI) neighborhoods, in a manner consistent with its resources and capabilities.

PERFORMANCE LEVELS	PERFORMANCE TESTS		
	Lending Test*	**Investment Test**	**Service Test**
Outstanding			
High Satisfactory			X
Low Satisfactory	X	X	
Needs to Improve			
Substantial Noncompliance			
** The Lending Test is weighted more heavily than the Investment and Service Tests when arriving at an overall rating.*			

The Lending Test is rated Low Satisfactory.

- Lending levels reflect adequate responsiveness to AA credit needs.
- An adequate percentage of small business and multifamily home mortgage loans are made in the institution's AAs.
- The geographic distribution of loans reflects good penetration throughout the AAs.
- The distribution of borrowers reflects, given the product lines offered by the bank, poor distribution of loans among business customers of different sizes.
- The institution exhibits an adequate record of serving the credit needs of highly economically disadvantaged areas in its AAs, low-income individuals, or businesses with gross annual revenues of $1 million or less.
- The institution makes limited use of innovative or flexible lending practices to serve AA credit needs.
- The institution made an adequate level of community development (CD) loans.

The Investment Test is rated Low Satisfactory.

- The institution has an adequate level of qualified CD investments and grants, particularly those that are not routinely provided by private investors, although rarely in a leadership position.

- The institution occasionally uses innovative or complex qualified investments to support CD initiatives.

- The institution exhibits adequate responsiveness to credit and CD needs.

The Service Test is rated High Satisfactory.

- Delivery systems are reasonably accessible to essentially all portions of the institution's geographies and individuals of different income levels in its AAs.

- To the extent changes have been made, the institution's record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly in LMI geographies and/or to LMI individuals.

- Services and business hours do not vary in a way that inconveniences portions of the AAs, particularly LMI geographies and/or LMI individuals.

- The institution provides a relatively high level of CD services.

DESCRIPTION OF INSTITUTION

Commercial Bank of California (CBC) is a state-charted financial institution headquartered in Irvine, California. CBC specializes in commercial real estate lending, especially to small and medium-sized hotels and motels within the Southern California hospitality industry. CBC is wholly owned by CBC Bancorp, a one-bank holding company also headquartered in Irvine, CA. CBC Bancorp has a wholly owned subsidiary, VCI Inc. (formally known as Veri Check Inc.), a provider of payments services and financial technology solutions. There are no affiliate or subsidiary relevant to the CRA Evaluation. CBC received a "Satisfactory" CRA Rating at its previous FDIC Performance Evaluation, dated October 3, 2022, based on Intermediate Small Institution Procedures.

During the evaluation period, CBC acquired Community Bank of the Bay (CBB) in November 2024, adding four branches and expanding its AA to include five counties in Northern California. CBC operates nine full-service branches throughout Northern and Southern California. None of the branches are in LMI census tracts (CTs). CBC closed a branch in Los Angeles and converted the location into a loan production office (LPO). Additionally, CBC operates two other LPOs; one office located in Ontario, California and an office in Bridgewater, New Jersey. Additionally, the Oakland and Danville branch ATMs were decommissioned.

CBC continues to primarily focus on commercial real estate lending. However, through its acquisition of CBB, the bank began offering variable rate home equity lines of credit. CBC's commercial loan product offerings include business lines of credit, business term loans, business equipment financing, accounts receivable and inventory financing, construction loans, commercial real estate loans, and Small Business Administration loans. CBC is an SBA Preferred Lender and offers the SBA 7(a), 504, and Express loan programs.

The institution also offers a variety of deposit services aimed primarily at commercial clientele including checking, savings, money market deposit accounts, and certificates of deposit. Alternative banking services include internet, telephone, and mobile banking; electronic bill pay; remote deposit; and mobile check deposit. CBC does not operate any proprietary ATMs.

As of the September 30, 2025, Consolidated Report of Condition and Income (Call Report), the institution's assets totaled $3.8 billion, loans totaled $2.7 billion, and deposits totaled $3.2 billion. Since the previous evaluation, the bank's total assets increased 90 percent. This growth is primarily attributed to the acquisition of CBB as of November 1, 2024.

The following table details the bank's loan portfolio composition as of September 30, 2025.

Loan Portfolio Distribution as of 09/30/2025		
Loan Category	**$(000s)**	**%**
Construction, Land Development, and Other Land Loans	152,307	5.7
Secured by Farmland	6,405	0.2
Secured by 1-4 Family Residential Properties	91,103	3.4
Secured by Multifamily (5 or more) Residential Properties	489,230	18.4
Secured by Nonfarm Nonresidential Properties	1,645,799	61.8
Total Real Estate Loans	**2,384,844**	**89.5**
Commercial and Industrial Loans	222,126	8.3
Agricultural Production and Other Loans to Farmers	0	0.0
Consumer Loans	52,023	2.0
Obligations of State and Political Subdivisions in the U.S.	0	0.0
Other Loans	5,645	0.2
Lease Financing Receivable (net of unearned income)	0	0.0
Less: Unearned Income	(1,174)	(0.0)
Total Loans	**2,663,464**	**100.0**
Source: Reports of Condition and Income		

Examiners did not identify any financial, legal, or other impediments that affect the bank's ability to meet AA credit needs.

DESCRIPTION OF ASSESSMENT AREAS

CBC designated two AAs in California, representing an expansion since the prior evaluation. CBCs acquisition of CBB in 2024 expanded its operations in California to include Northern California. The institution's AAs are comprised of the Southern California AA (SoCal AA), which contains both Los Angeles and Orange counties and the Northern California AA (NorCal AA), which contains Alameda, Contra Costa, San Francisco, San Mateo, and Santa Clara counties.

The following table details the counties, number of CTs, and branches located within each AA. Refer to the rated areas and individual AAs for additional information.

Description of Assessment Areas			
Assessment Area	**Counties in Assessment Area**	**# of CTs**	**# of Branches**
Northern California	Alameda, Contra Costa, San Francisco, San Mateo, and Santa Clara	1,447	4
Southern California	Los Angeles and Orange	3,112	5
Source: Bank Data			

The AAs comply with the technical requirements of the CRA regulation and do not arbitrarily exclude any LMI areas. Additionally, the change of 2024 MSA/MD delineation from 2020 Census did not make any of CBC's counties fall out of a MSA or change from one MSA to another. Refer to the individual AA sections of this evaluation for details on the bank's operations in each AA and relevant economic, demographic, competition, and other additional information.

SCOPE OF EVALUATION

General Information

This evaluation covers activities from the prior evaluation dated October 3, 2022, to the current evaluation dated January 12, 2026. Examiners used the Interagency Large Institution Examination Procedures to evaluate CBC's CRA performance. Examiners relied on records provided by the bank, public financial and loan information, demographic data, community contacts, and reported loan information.

Examiners evaluated the performance in the SoCal and NorCal AAs using full-scope examination procedures. The SoCal AA contributed the most weight in determining the overall CRA Rating based on the volume of loans, deposits, and branches. NorCal is a new AA resulting from CBC's acquisition of CBB and expanding its presence in a new market area and carries minimum weight during analysis due to limited time in the market.

Activities Reviewed

Examiners determined that the institution's major product line is small business and multifamily loans. This conclusion considered the institution's business strategy, loan portfolio composition, and the number and dollar volume of loans originated during the evaluation period. Bank records

indicated that commercial lending remains the primary focus of the institution. As such, small business loans received more weight than multi-family loans.

While CBC offers one-to-four family residential loans, it originated a minimal volume during the evaluation period, therefore, examiners did not analyze or present this product in the evaluation as it would not provide material support for overall conclusions or ratings. The bank does not offer small farm loans or any other loan types that represent a major product line. CBC was not required to and chose not to report its collected residential loan information.

As previously stated, CBC acquired CBB which expanded its AA in November 2024 to add five counties in Northern California. This resulted in a new AA for the bank. All former CBB lending activities and CD qualified investments from January 1, 2024, through acquisition date November 2024 were included in the current evaluation.

Examiners reviewed and analyzed the universe of multifamily loans originated or purchased from January 1, 2022, to December 30, 2025. In 2022, CBC originated or purchased 24 multifamily loans for $80.6 million. In 2023, CBC originated or purchased 17 multifamily loans for $43.1 million. In 2024, CBC originated or purchased 5 multifamily loans for $6.4 million, and in 2025, CBC originated or purchased 27 multifamily loans for $131.1 million. Although examiners analyzed all four years of lending data, only three years are presented within the evaluation for the geographic distribution. For the Borrower Profile criterion, multifamily loan data is not analyzed since borrower revenues are not collected.

Examiners reviewed and analyzed the universe of reported small business loans originated from January 1, 2022, through December 31, 2025. CBC originated 62 small business loans for $30.0 million in 2022, 84 small business loans for $39.9 million in 2023, 169 small business loans for $81.5 million in 2024, and 136 small business loans for $67.5 million in 2025. Although examiners analyzed four years lending data, as no significant anomalies, only 2024 small business loans are presented within the evaluation for the geographic distribution and borrower profile criteria because it is the most recent year with available aggregate data. All years of multi-family and small business loans are presented for the AA concentration criterion.

Examiners reviewed the number and dollar volume of multifamily and small business loans for the Lending Test . While the number and dollar volume are both presented, examiners emphasized performance by number of loans since it is a better indicator of the number of businesses and individuals served. Examiners compared the bank’s lending performance to 2020 U.S. Census data; 2022, 2023, and 2024 D&B data; 2022, 2023, and 2024 small business aggregate data; the bank's data; and the previous evaluation's performance.

Within the Service Test, examiners reviewed the delivery systems for providing retail banking services, including branches and alternative delivery systems, and the impact of any branch openings or closings during the evaluation period. Examiners also reviewed any retail banking products and services targeted toward LMI individuals or small businesses, including any activities tailored to meet specific needs within the AAs.

The evaluation of CD activities included all qualified activities from September 1, 2022, through December 31, 2025. The evaluation of CD activities is limited to those loans, investments, and services for which management demonstrated the activity met the primary purpose of CD. The evaluation of qualified investments also includes prior period investments still outstanding at the time of this evaluation. CD loans, investments and donations, and services were evaluated quantitatively based on the financial capacity of CBC, as well as qualitatively based upon the impact to the AA. On November 1, 2024, CBC merged with CBB, where CBC was the surviving institution. Applicable CD loans, investments and donations conducted by CBB were considered for the full calendar year of 2024 in the CD analysis of CBC. Examiners also compared CD performance to similarly situated institutions (SSI).

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

The Lending Test is rated "Low Satisfactory". Adequate lending activity, an adequate percentage of AA concentration, good geographic distribution, poor borrower profile, and an adequate level of CD lending primarily supports this rating. The institution's overall performance is consistent with the conclusions for each AA. Refer to each individual AA for more detailed information and analysis.

Lending Activity

CBC's lending levels reflect adequate responsiveness to AA credit needs. CBC originated or purchased 368 small business loans totaling $175.4 million within its AAs during the review period. CBC also made 50 multifamily loans for a total of $156.1 million within its AAs. Overall, the lending volume for small business loans decreased substantially from the previous evaluation which included a large level of COVID-19 pandemic and the associated SBA PPP loans totaling 1,006 loans.

Assessment Area Concentration

CBC originated an adequate percentage of loans within its AAs. Overall, 79.8 percent by number and 69.0 percent by dollar volume of the bank's small business and multifamily loans inside the AAs. The following table shows the lending activity by year during the evaluation period.

Lending Inside and Outside of the Assessment Area										
Loan Category	**Number of Loans**				**Total #**	**Dollar Amount of Loans $(000)**				**Total $(000)**
	Inside		**Outside**			**Inside**		**Outside**

Source: Bank Data, as reported
Due to rounding, totals may not equal 100.0%.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the AAs. Examiners noted no conspicuous lending gaps in the geographic distribution of loans. The bank's overall performance is consistent with the conclusions for each AA. CBC exhibits an overall good record of serving the credit needs of the most economically disadvantaged areas of its AA. Refer to each AA's geographic distribution criteria section for details.

Borrower Profile

The distribution of borrowers reflects, given the product lines offered by the institution, poor penetration among business customers of different revenue sizes. The institution's overall performance is consistent with the conclusions in each AA. Multifamily lending data does not include the borrower's revenues; therefore, this would not provide meaningful conclusions. CBC exhibits an overall poor record of serving the credit needs of very small businesses in the AAs. Refer to each AA's borrower profile criteria section for details.

Innovative or Flexible Lending Practices

CBC makes limited use of innovative and/or flexible lending practices in order to serve AA credit needs. CBC continues to be designated as an SBA Preferred Lender, which allows them to approve loans on behalf of the SBA and expedite the loan approval process to the benefit of the borrower.

During the evaluation period, CBC originated 67 SBA loans totaling $95.7 million. While SBA loans are not considered innovative, they offer small business borrowers alternative financing when conventional financing may not be an option.

Innovative and flexible lending programs are offered institution-wide and do not currently vary by AA. Therefore, these practices are only presented in this section and are not presented separately under each AA.

Community Development Loans

The institution made an adequate level of CD loans. CBC's CD lending performance was consistent with the conclusions in each AA. The following table presents the CD loans by AA and CD purpose.

Community Development Lending by Assessment Area										
Rated Area	**Affordable Housing**		**Community Services**		**Economic Development**		**Revitalize or Stabilize**		**Totals**	
	#	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**
Southern CA AA	8	28,470	7	31,311	8	18,894	0	0	**23**	**78,675**
Northern CA AA	5	4,734	25	20,928	1	1,000	1	100	**32**	**26,762**
Statewide/Regional Activities	2	12,260	3	13,647	4	9,210	1	18,500	**10**	**53,617**
Total	**15**	**45,464**	**35**	**65,886**	**13**	**29,104**	**2**	**18,600**	**65**	**159,054**
Source: Bank Data										

During the evaluation period, CBC originated 65 CD loans totaling approximately $159.1 million. By year, CBC originated no CD loans for the final quarter of 2022, 8 CD loans for $23.2 million in 2023, 21 CD loans for $26.6 million in 2024, and 36 CD loans for $109.3 million in 2025. This level of activity represents 4.1 percent of average total assets and 8.1 percent of average total loans since the previous examination. CBC's performance was comparative to the adequate performance at a SSI but below the good performance at another SSI.

Additionally, CBC's statewide/regional activities did not include CBC's AAs; however, the majority of these loans were made in counties near the bank's AAs. The following are examples of CD loan efforts in the statewide/regional area.

- In 2023, the bank financed an SBA 504 loan for $1.7 million to support the purchase of an industrial building located in a moderate-income CT. The building will maintain and increase jobs for LMI people.

- In 2023, the bank financed a $2.2 million SBA 504 loan for purchase of an owner-occupied industrial building for a manufacturing and fabrication company, which allows the business to create LMI jobs and supports economic development.

- In 2025, the bank refinanced a $5.9 million loan designated for a 40-unit multifamily residential property located in a low-income CT and has rents below the HUD fair market

rates to assist LMI peoples.

INVESTMENT TEST

The Investment Test is rated "Low Satisfactory." The institution's overall performance is consistent with the conclusions for each AA.

Investment and Grant Activity

The institution has an adequate level of qualified CD investments and grants, particularly those that are not routinely provided by private investors, although rarely in a leadership position. The combined new and prior period qualified investments and donations totaled $37.3 million. CBC's qualified investment and grant activity increased by 57.5 percent from the previous evaluation of $23.7 million.

Of the total new qualified investments, CBC made $5.0 million in 2023 and $3.8 million in 2025. CBC also made $646,000 in grants and donations. CBC maintained 11 prior period investments across the AAs with a current book value of $27.9 million. CBC's investments consisted of mortgage-backed securities (MBS), government agency and school bonds, Minority Depository Institution (MDI) Deposits, SBIC, and Equity Shares.

During the evaluation period, total qualified investments and grants represented 0.6 percent of average total assets and 2.8 percent of average total securities. These ratios are lower than the previous evaluation's ratios of 1.5 percent of average total assets and 13.3 percent of average total securities. CBC's investments as a percent of average total securities were lower than three of the four SSIs who had ratios from a low of 2.8 percent and a high of 21.7 percent. The SSIs had a percent of average total assets range from a low of 0.9 percent to a high of 1.6 percent.

The following table details the qualified investment and grant activity by rated area and CD purpose.

Community Development Investments By Assessment Area										
Rated Area	**Affordable Housing**		**Community Services**		**Economic Development**		**Revitalize or Stabilize**		**Totals**	
	#	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**
Southern CA AA	9	18,098	7	1,963	1	5,649	2	2,170	**88**	**27,880**
Northern CA AA	2	3,483	30	197	1	1	2	8	**35**	**3,689**

Total	**11**	**21,581**	**111**	**4,338**	**7**	**11,375**	**3**	**13**	**132**	**37,307**
Source: Bank Data										

CBC made 9 statewide investments that also benefited the bank's AAs. The following are notable examples of CBC's CD investment efforts at the statewide level:

- CBC maintained a prior period investment of $5.4 million in a SBIC that addresses a critical capital gap by offering structured credit and equity to underserved small businesses, which

benefits California statewide and includes both of the institution's AAs.

- In 2025, CBC built a deposit relationship with a MDI totaling $100,000. The MDI is dedicated to progressive growth for unbanked communities in multiple states, which includes the institution's Northern California AA.

Responsiveness to Credit and Community Development Needs

The institution exhibits adequate responsiveness to credit and CD needs. CBC's qualified CD investments supported affordable housing and economic development, which were primary CD needs for the AAs.

Community Development Initiatives

The institution occasionally uses innovative and/or complex investments to support CD initiatives. The majority of CBC's investment activity consisted of bonds, SBIC fund, mortgage-backed security, and deposits in an MDI. While not particularly innovative or complex, some of these investments are not routinely provided by private investors.

SERVICE TEST

The Service Test is rated "High Satisfactory." CBC's relatively high level of CD services primarily supports this rating. The institution's overall performance was consistent in the SoCal AA, while the NorCal AA was adequate.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the institution's AAs. CBC's delivery systems are consistent throughout the AAs. The following table details the distribution of CTs, population, branches, and ATMs in the AAs by CT income level.

Branch and ATM Distribution by Geography Income Level

Tract Income Level	Census Tracts		Population		Branches		ATMs	
	#	%	#	%	#	%	#	%
Low	298	6.5	1,188,873	6.1	0	0.0	0	0.0
Moderate	1185	26.0	5,233,737	26.7	0	0.0	0	0.0
Middle	1421	31.2	6,362,781	32.4	4	44.4	0	0.0
Upper	1532	33.6	6,596,968	33.6	5	55.6	0	0.0
NA	123	2.7	241,585	1.2	0	0.0	0	0.0
Total	**4,559**	**100.0**	**19,623,944**	**100.0**	**9**	**100.0**	**0**	**0.0**

Source: 2020 Census Data and Institution Records

CBC operates 9 full-service branches within its AAs. The bank does not have any branches in LMI CTs. CBC does not have any proprietary ATMs at its branches or other locations. However, CBC reimburses customers up to $10 per month for ATM surcharges assessed at other banks. Additional alternative systems for delivering retail services include online and mobile banking services for both consumer and business accounts. Services also include private banking, Zelle P2P transfers, and merchant services and remote deposit capture is available to business accounts. The bank offers the same alternative delivery systems throughout its AAs.

Changes in Branch Locations

To the extent changes have been made, the opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in LMI geographies and/or to LMI individuals. During the evaluation period, CBC closed one branch in Los Angeles and acquired CBB in the NorCal AA, including 4 branches. Details of these changes in branch location are discussed in the respective AA analysis.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the AAs, particularly LMI geographies or individuals. All branches are full-service and offer the same products and services. Business hours are generally similar and vary slightly according to local area needs. Business hours are generally from 9:00 a.m. to 4:00 p.m. Monday through Friday.

Community Development Services

The institution provides a relatively high level of CD services. During the review period, CBC employees provided 3,345 hours of CD services to 41 different organizations throughout the AAs. CBC's level of CD service activity significantly increased since the prior evaluation of CD services of 1,269 hours. CD services solely supported community services targeted to LMI individuals and families. The following table details the institution's CD services hours by CD purpose in each AA.

Community Development Services - Bank wide					
Assessment Area	**Affordable Housing**	**Community Services**	**Economic Development**	**Revitalize or Stabilize**	**Totals**
	#	#	#	#	#
Southern CA AA	0	3,209	0	0	3,209

Total	**0**	**3,345**	**0**	**0**	**3,345**
Source: Bank Data					

Refer to each full-scope AA section for further details and for notable examples of CD services provided.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

Southern California– Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN SOUTHERN CALIFORNIA ASSESSMENT AREA

The SoCal AA consists of Los Angeles and Orange counties. Los Angeles County encompasses the entire Los Angeles-Long Beach-Glendale MD with Orange County including the entire Anaheim-Santa Ana-Irvine MD. The counties are contiguous and together are the Los Angeles-Long Beach-Anaheim MSA #31080. CBC is headquartered and operates five full-service branches in the SoCal AA.

Economic and Demographic Data

Based on the 2020 U.S. Census data, the SoCal AA consists of 3,112 CTs, of which 177 are low-, 856 are moderate-, 927 are middle-, 1,071 are upper-income, and 81 CTs have no income designation. The following table provides a summary of demographic, housing, and business information in the SoCal AA.

Demographic Information of the Assessment Area Southern California						
Demographic Characteristics	**#**	**Low % of #**	**Moderate % of #**	**Middle % of #**	**Upper % of #**	**N/A* % of #**

Household Distribution by Income Level	4,372,505	25.6	15.2	16.7	42.5	0.0
Median Family Income MD - 11244 Anaheim-Santa Ana-Irvine, CA MD	$106,451		Median Housing Value			$696,400
Median Family Income MD - 31084 Los Angeles-Long Beach-Glendale, CA MD	$80,317		Median Gross Rent			$1,670
			Families Below Poverty Level			9.6%

Source: 2020 Census And 2024 D&B Data (*) The NA category consists of geographies that have Not been assigned an income classification. Due to rounding, totals may not equal 100%.

According to 2024 D&B data, the AA's non-farm businesses have gross annual revenues (GARs) as follows:

- 92.4 percent of $1.0 million or less;
- 2.6 percent of more than $1.0 million; and
- 5.0 percent with unknown revenues

Non-classifiable establishments represent the largest industry at 20.9 percent of businesses followed by professional, scientific, and technical services at 11.6 percent; other services (except public administration) at 7.9 percent; and administrative and support and waste management and remediation services at 6.1 percent.

The following table shows FFIEC-estimated median family incomes in the SoCal AA throughout the evaluation period.

Median Family Income Ranges				
Median Family Incomes	**Low <50%**	**Moderate 50% to <80%**	**Middle 80% to <120%**	**Upper ≥ 120%**

Source: FFIEC				

Examiners obtained the following economic information from Moody's Analytics as of November 2025.

Los Angeles-Long Beach-Glendale CA MD

According to a November 2025 Moody's Analytics report, the Los Angeles-Long Beach-Glendale MD economy is showing gradual growth; Payrolls have increased slightly in the last few months, but year-over-year growth is the weakest of the nation's 10 largest metro areas and divisions. The healthcare industry is the primary source of job growth as most major industries have experienced a reduction in employment. Recent tensions around international trade have caused uncertainty within the shipping industry, resulting in a decrease in exports and imports in the ports of Los Angeles and Long Beach. More than one-third of U.S. container imports pass through the Ports of Los Angeles and Long Beach, which have traditionally served as gateways for goods arriving from Asia.

Further job growth in the entertainment industry has been slow to materialize. On-location filming in the MD has decreased in the last year. Shoot days went down 13.2% year over year in the third quarter, following declines in the first two quarters of 2025. Reasons for weakness are varied. The impact of the strikes in 2023 is still reverberating, as there was insufficient content in the pipeline to fuel a rebound. The wildfires in 2024 dealt a modest blow to filming. Finally, elevated interest rates have weighed on investment. The top three employers are Cedars-Sinai-Medical Center, Los Angeles International Airport (LAX), and the University of California Los Angeles.

Anaheim-Santa Ana-Irvine CA MD

According to a November 2025 Moody's Analytics report, the Anaheim-Santa Ana-Irvine economy has underperformed compared to other areas in the state and nationally. Despite having a highly educated workforce, employment opportunities in the area remain weak. The area's reliance on tech employment is well above average due to an outsize presence of software firms and computer and electronics manufacturers.

The MD's population is lower than it was before the pandemic, which is similar to California's figure but trails well behind that of the U.S. It added residents in 2024 for the first time since the start of the pandemic, with international immigration driving most of the gains.

A slowdown in tourism has negatively impacted the area, causing losses in employment and decreases in spending. Housing prices have risen higher compared to other areas of California, contributing to negative migration out of the area. The area's top three employers are Disneyland Resort, University of California Irvine, and Broadcom.

Competition

The SoCal AA is a highly competitive market that includes several large national and regional financial institutions. According to the June 30, 2025, FDIC Deposit Market Share Report, 107 financial institutions operate 1,929 branches within the AA. Among these institutions, CBC ranks 29th with 0.3 percent of deposit market share. The top 5 institutions within the AA are large national and regional banks and account for 61.9 percent of deposit market share and 49.0 percent of the total branches.

Community Contacts

Examiners reviewed one existing contact with a CDFI that makes direct loans and investments to community and economic development projects. The contact stated that while the Los Angeles economy has shown signs of forward movement, high construction costs have presented challenges for small businesses which now require more capital to operate compared to historical normals. Businesses have faced additional increasing costs associated with labor, supplies, and regulatory requirements to obtain necessary permits. The contact noted that there is a lack of grant money, capital, and economic resources for economic development projects compared to affordable housing projects.

Credit and Community Development Needs and Opportunities

Based on community contact, bank information, and economic and demographic data, examiners determined that affordable housing and small business lending are primary needs for the AA. In addition, there is a need for workforce development to address stagnant employment opportunities.

CONCLUSIONS ON PERFORMANCE CRITERIA IN SOUTHERN CALIFORNIA

LENDING TEST

CBC's Lending Test performance in the SoCal AA is adequate. Adequate lending activity, good geographic distribution, poor borrower profile, and an adequate level of CD lending primarily supports this rating.

Lending Activity

CBC's lending levels reflect adequate responsiveness to the AA credit needs. During the current evaluation, CBC originated or purchased 205 small business loans totaling $95.5 million and originated or purchased 48 multifamily loans totaling $145.5 million within the AA. Lending volume for multi-family loans was identical in number and lower in dollar volume from the previous evaluation.

There is a high level of competition for small business loans in the SoCal AA. In 2024, 263 lenders reported 617,747 small business loans. The top 5 small business lenders are nationwide lenders and account for 77.4 percent of the market share. CBC was not ranked on the current market share report.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the AA. This conclusion is supported by good small business and excellent multifamily lending performance.

Small Business Loans

The geographic distribution of small business loans reflects good distribution throughout the AA. The following table shows the distribution of CBC's small business loans by CT income level.

Geographic Distribution of Small Business Loans Southern California						
Tract Income Level	**% of Businesses**	**CRA Aggregate % of #**	**#**	**%**	**$(000s)**	**%**

The bank's performance in low-income CTs was below aggregate and the percentage of businesses throughout the review period. However, both the percentage of businesses and aggregate data demonstrate limited opportunity to lend in low-income CTs. Lending performance in the moderate-income CTs exceeded the aggregate data and demographic data throughout the review period with an increasing trend by number as a percentage of lending volume. Overall, the lending performance in LMI CTs is good.

Multifamily Loans

The geographic distribution of multifamily loans reflects excellent distribution throughout the AA. The following table shows the distribution of multifamily loans by CT income level.

Geographic Distribution of Multi-Family Loans Southern California

While the bank's performance is below the percentage of multi-family housing units in low-income CTs for 2022 and 2024, performance exceeded the percentage of multi-family housing units in low-income CTs for 2023 and 2025. Lending performance in moderate-income CTs exceeded percentage of multi-family housing units throughout the review period with a trend by number and dollar volume well above the percentage of multifamily housing units within the AA.

Borrower Profile

The distribution of lending reflects poor penetration among business customers of different revenue sizes. This conclusion is supported by poor small business lending performance.

Distribution of Small Business Loans by Gross Annual Revenue Category Southern California						
Gross Revenue Level	**% of Businesses**	**CRA Aggregate % of #**	**#**	**%**	**$(000s)**	**%**
<= $1,000,000

In 2022, 2023 and 2024, the percentage of small business loans was well below percentage of businesses with a general upward trend. The performance was below aggregate data for all three years. The aggregate lending data provides a better lending performance comparison as not all businesses in the AA were seeking a loan or were credit-worthy to qualify for a loan. Overall, CBC's lending performance is poor.

Community Development Loans

CBC has made an adequate level of CD loans within the AA. During the review period, the bank originated 23 CD loans totaling approximately 78.7 million. CD lending level decreased by both number and dollar volume since the previous evaluation. CBC's performance is below the good performance of two SSI's. The following table shows the institution's CD lending by year and CD type.

Community Development Lending – Southern California

The following are notable examples of CD loans originated in the SoCal AA during the evaluation period:

- In 2022, CBC originated a $5.0 million loan to an organization for purchase of an MBS to

support their foundation focused on providing protection and quality of life to LMI senior's housing, including nursing home facilities within the AA.

- In 2025, CBC originated a $4.9 million loan to support a 40-unit multifamily housing property focused on LMI in the AA.

- In 2025, CBC originated a $10.5 million loan to a behavioral healthcare campus focused on supporting individuals who experience homelessness and/or have serious mental illnesses within the AA.

INVESTMENT TEST

CBC has an adequate level of qualified CD investments and grants in the SoCal AA. The institution exhibits adequate responsiveness to credit and CD needs. The institution occasionally uses innovative and/or complex investments to support CD initiatives.

Investment and Grant Activity

CBC has an adequate level of qualified CD investments and grants in the SoCal AA. During the review period, CBC made 2 new investments totaling $5.0 million, continued to hold 10 prior period investments with a current book value of 22.5 million, and granted 76 donations totaling $427,000. This level of activity is approximately 17.7 percent higher than the previous evaluation where investments and donations totaled $23.7 million. Furthermore, CBC's overall dollar volume was comparable to one SSI with an adequate level and below another SSI that had a significant level of qualifies investments and grant activity. The following table details the qualifies investment and grant activity that benefitted the AA by year and CD purpose.

The following are notable examples of qualified CD investments and donations made in the SoCal AA during the evaluation period:

- In 2023, CBC invested $4.1 million in a Ginnie Mae Multifamily bond that supports senior

living affordable community housing within the AA.

- CBC continued to hold two prior period MBS investments with a current balance of $3.7 million that supports ongoing affordable housing projects within the AA.

- CBC continued to hold a prior period investment as a general obligation bond with a current balance of $2.2 million that supports a SoCal Unified School District's repair, renovations, acquisitions, constructions, and equipping of additional facilities to continue revitalizing and stabilizing the school district.

Responsiveness to Credit and Community Development Needs

CBC exhibits adequate responsiveness to credit and CD needs of the SoCal AA. The majority of the CD investments and donations supported affordable housing and community services.

Community Development Initiatives

The institution occasionally makes use of innovative and/or complex investments to support CD initiatives.

SERVICE TEST

CBC demonstrates good performance under the Service test in the SoCal AA. Relatively high level of CD services primarily supports this conclusion.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the SoCal AA. The branch distribution and alternative delivery systems in the AA are consistent with the institution overall. CBC operates five full-service branches and no ATMs within this AA. The following table shows the distribution of CTs, population, and branches in the AA by CT income level.

Branch and ATM Distribution by Geography Income Level Southern California								
Tract Income Level	**Census Tracts**		**Population**		**Branches**		**ATMs**	
	#	**%**	**#**	**%**	**#**	**%**	**#**	**%**

Source: 2020 Census Data and Institution Records								

Changes in Branch Locations

To the extent changes have been made, the opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals. The institution closed the branch in Downtown Los Angeles within an upper-income CT and consolidated into a nearby branch in an upper-income CT.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the AAs, particularly LMI geographies or individuals. All branches are full-service and offer the same products and services. Business hours are generally similar and vary slightly according to local area needs. Business hours are generally from 9:00 a.m. to 4:00 p.m. Monday through Friday.

Community Development Services

The institution provides a relatively high level of CD services in the AA. During the review period, the institution provided 3,209 hours of CD services. This represents an increase since the previous evaluation where CBC provided 1,269 service hours. CBC's performance based on annualized hours of 987 was below the performance of one SSI that was considered a leader of CD services.

The CD services conducted solely supported community services targeted to LMI individuals and families. The following table details the CD service hours by year and CD purpose.

Community Development Services - Southern California					
Activity Year	**Affordable Housing**	**Community Services**	**Economic Development**	**Revitalize or Stabilize**	**Totals**

The following are notable examples of CD services provided in the SoCal AA.

- In 2022, 31 employees contributed 81 hours to an organization that focuses on supplying youth with year-round out of school support and residential housing by providing financial education training.

- In 2024, 9 employees provided 26 hours with an organization that aids and supports homeless families with housing and essential human needs by providing financial education.

- In 2025, 22 employees conducted 68 hours of service by conducting mock interviews and resume workshops with an organization supporting the homeless youth ages 25 or younger. The services involved four programs focused on youth outreach, housing support, school mentoring, and food access.

Northern California– Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN NORTHERN CALIFORNIA ASSESSMENT AREA

The NorCal AA is a contiguous area consisting of the counties of Alameda, Contra Costa, San Francisco, San Mateo, and Santa Clara. The AA includes the Oakland-Fremont-Berkeley MD (36084), San Francisco-San Mateo-Redwood City MD (41884) that can be identified as the San Francisco-Oakland-Berkeley/Fremont MSA, and the San Jose-Sunnyvale-Santa Clara MD (41940) which can also be identified as the San Jose-Sunnyvale-Santa Clara MSA.

As mentioned earlier, the NorCal AA is new since the previous evaluation with the acquisition of CBB in November 2024. The review period for all products reviewed in the NorCal AA begins with calendar year 2024 since CBC acquired CBB, resulting in four branches in this new AA. This AA has minimum impact on the institution overall ratings. Refer to the overall institution Scope of Evaluation section for additional details.

Economic and Demographic Data

Based on the 2020 U.S. Census Data, the NorCal AA consists of 1,447 CTs, which are 120 low-, 328 moderate-, 495 middle-, 462 upper-income, and 42 CTs have no income designation.

The following table provides a summary of demographic, housing, and business information within the NorCal AA:

Demographic Information of the Assessment Area Northern California						
Demographic Characteristics	**#**	**Low % of #**	**Moderate % of #**	**Middle % of #**	**Upper % of #**	**N/A* % of #**

Source: 2020 Census And 2024 D&B Data (*) The NA category consists of geographies that have Not been assigned an income classification. Due to rounding, totals may not equal 100%.

According to 2024 D&B data, the AA's non-farm businesses have GARs as follows:

- 90.7 percent of $1.0 million or less;
- 3.1 percent of more than $1.0 million; and
- 6.2 percent with unknown revenues

Non-classifiable establishments represent the largest industry at 19.1 percent of businesses followed by Professional, scientific, and technical services at 14.7 percent; other services (except public administration) at 8.6 percent; and administrative and support and waste management and remediation services at 6.6 percent.

The following table shows FFIEC-estimated median family incomes in the NorCal AA.

Source: FFIEC				

Examiners obtained the following economic information from Moody's Analytics as of December 2025.

Oakland-Fremont-Berkeley, CA MD

According to a December 2025 Moodys Analytics report, the economic outlook for Oakland-Fremont-Berkeley has been bleak. The area has declined as its biggest industries have suffered hardships, leading to job losses and weaker wages. Strengths of the area include world-class universities and laboratories and proximity to the world's tech capital. Industrial and office space is available for tech firms leaving more expensive Silicon Valley. The area's top three employers include University of California, Western Digital Corporation, and the Chevron Corporation. International trade disputes and global tariffs have created a higher-cost environment for the tech, manufacturing, and shipping industries.

San Francisco-San Mateo-Redwood City, CA MD

A December 2025, Moodys Analytics report, shows slow economic growth for San Francisco-San Mateo-Redwood City. The area has experienced substantial investments from venture capital firms with artificial intelligence technologies fueling economic growth. Housing remains unaffordable for many, and low supply of inventory has driven up prices. This unaffordability in housing has been the leading cause of negative migration out of the area. Commercial real estate has stabilized since the COVID-19 pandemic, but high vacancies for office space are preventing growth in the market. The area's top three employers include University of CA San Francisco, Saleforce.com, Inc. and Sutter Health.

San Jose-Sunnyvale-Santa Clara, CA MD

According to a December 2025 Moodys Analytics report, the area has been facing economic hardships. While housing prices have gone down since the beginning of 2025 job and wage growth have also seen a slowdown. The tech sector, which accounts for around 25 percent of all jobs, has slowed hiring. High cost of living has contributed to the area's negative net migration rates and has

weakened prospects of long-term growth. The area's top three employers include Cisco Systems, Inc., Alphabet, Inc., and eBay, Inc.

Competition

The San Francisco-Oakland-Fremont MSA is a highly competitive market that includes several large national and regional financial institutions. According to the June 30, 2025, FDIC Deposit Market Share Report, 69 financial institutions operate 821 branches within the AA. Among these institutions, CBC ranks 29th with 0.2 percent of the deposit market share. The top 5 institutions within the AA account for 83.5 percent of the deposit market share and 52.4 percent of the total branches.

The San Jose-Sunnyvale-Santa Clara MSA is a highly competitive market that includes several large national and regional financial institutions. According to the June 30, 2025, FDIC Deposit Market Share Report, 44 financial institutions operate 295 branches within the AA. Among these institutions, CBC ranks 36th with 0.3 percent of the deposit market share. The top 5 institutions within the AA account for 77.6 percent of the deposit market share and 56.6 percent of the total branches.

Community Contact(s)

Examiners reviewed one existing contact with a non-profit organization that provides financing to low-income and under-resourced small businesses. The contact described that due to the current economic downturn in the area, their organization has not been able to provide loans as frequently as they had in the past. The contact also noted that banks in the area have pulled back on lending; and small businesses in the area require more grants and donations. The contact also stated that financial institutions could be more involved with consortium lending with other banks.

Credit and Community Development Needs and Opportunities

Based on community contact, bank information, and economic and demographic data, examiners determined that affordable housing and small business lending are primary needs for the AA.

CONCLUSIONS ON PERFORMANCE CRITERIA IN NORTHERN CALIFORNIA

LENDING TEST

CBC's lending test performance in the NorCal AA is adequate. Adequate lending activity, adequate geographic distribution, poor borrower profile, and an adequate level of CD lending primarily supports this rating.

Lending Activity

Lending levels reflect adequate responsiveness to AA credit needs. During the current evaluation, CBC originated or purchased 163 small business loans totaling $79.9 million and originated or purchased 2 multifamily loans totaling $10.6 million within the AA.

There is a high level of competition for small business loans in the NorCal AA. In 2024, 200 lenders reported 257,796 small business loans. Among these institutions, CBC was not ranked on the current market share report. The top 5 small business lenders are nationwide lenders and account for 79.5 percent of the market share.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the AA. This conclusion is supported by adequate small business and poor multifamily geographic distribution performance.

Small Business Loans

The geographic distribution of small business loans reflects adequate distribution throughout the AA. The following table shows the distribution of CBC's small business loans by CT income level.

Geographic Distribution of Small Business Loans Northern California						
Tract Income Level	**% of Businesses**	**CRA Aggregate % of #**	**#**	**%**	**$(000s)**	**%**
Low						
2024	6.0	4.8	13	14.8	5,700	13.2
Moderate						
2024	18.2	18.3	8	9.1	4,450	10.3
Middle						
2024	32.2	34.9	23	26.1	11,528	26.7
Upper						
2024	39.1	39.6	34	38.6	16,630	38.5

Source: 2024 D&B Data; Bank Data; 2024 CRA Aggregate Data; "–" data not available. *Due to rounding, totals may not equal 100.0%.*						

The bank's performance in low-income CTs was significantly above aggregate data and percentage of businesses during the review period. Lending performance in moderate-income CTs was below

the aggregate data and percentage of businesses with a general upward trend for each year throughout the review period. Overall, the lending performance in LMI CTs is adequate.

Multifamily Loans

The geographic distribution of multifamily loans reflects poor distribution throughout the AA. The bank did not originate multifamily loans in LMI CTs. CBC originated two multifamily loans, one in an upper-income CT and another where the tract income level was listed as N/A.

Borrower Profile

The distribution of lending reflects poor penetration among business customers of different revenue sizes. This conclusion is supported by poor small business lending performance.

Distribution of Small Business Loans by Gross Annual Revenue Category Northern California						
Gross Revenue Level	**% of Businesses**	**CRA Aggregate % of #**	**#**	**%**	**$(000s)**	**%**
<= $1,000,000

Total						
2024	**100.0**	**100.0**	**88**	**100.0**	**43,241**	**100.0**
Source: 2024 D&B Data; Bank Data; 2024 CRA Aggregate Data; "–" data not available. *Due to rounding, totals may not equal 100.0%.*						

Throughout the review period the percentage of small business loans was well below percentage of businesses and aggregate data to businesses with GARs less than $1 million. CBC's business strategy is focused on supporting small businesses within all designated AAs and they continue to provide resources to the NorCal AA with limited time in the new AA.

Community Development Loans

CBC has made an adequate level of CD loans within the AA. During the review period, the bank originated 32 CD loans totaling approximately $26.8 million. The following table shows CBC's CD lending by year and CD type.

Community Development Lending – Northern California										
Activity Year	**Affordable Housing**		**Community Services**		**Economic Development**		**Revitalize or Stabilize**		**Totals**	
	#	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**	**#**	**$(000s)**

Source: Bank Data										

The following are notable examples of qualified CD loans originated in the NorCal AA during the evaluation period:

- In 2024, the institution originated a $4.8 million loan to a non-profit, community-based organization that helps ensure the survival of Native American families and the local community by providing quality health care and wellness services.

- In 2024, the institution originated a $1.0 million loan to a CDFI dedicated to providing affordable housing to LMI families within the AA.

- In 2025, the institution originated a $3.5 million loan to a nonprofit healthcare organization dedicated to supporting low-income and medically vulnerable individuals through medical care, managing supportive housing programs, offering workforce development, and by using technology to improve healthcare delivery and clinical trial screening.

INVESTMENT TEST

CBC has an adequate level of qualified CD investments and grants in the NorCal AA. The institution exhibits adequate responsiveness to credit and CD needs. The institution occasionally uses innovative and/or complex investments to support CD initiatives.

Investment and Grant Activity

The bank has a adequate level of qualified CD investments and grants. During the evaluation period, CBC made 2 new government agency bond investments for $3.5 million. Additionally, CBC granted 33 donations totaling $205,500. CBC's overall dollar volume of qualified investment and grant activity benefiting the AA totaled $3.7 million. The bank's overall dollar volume was comparable to two SSI with an adequate level and below another SSI that had significant level of qualified investments and donations. Overall, the bank has an adequate level of qualified CD investments and grants.

The following are notable examples of qualified CD investments and donations made in the NorCal AA.

- In 2024, the bank provided a grant for $100,000 to an organization whose focus is to increase economic opportunities in LMI communities through supporting small business manufacturers.

- In 2024, the bank provided a donation for $1,000 to support a non-profit who provides training and pathways to culinary careers for those facing barriers to employment.

- In 2025, the bank made two agency bond investments, totaling $3.5 million and supporting 10 LMI households and CTs with a primary purpose of affordable housing within the AA.

Responsiveness to Credit and Community Development Needs

CBC exhibits adequate responsiveness to credit and CD needs of the NorCal AA. The majority of the CD investments and donations supported affordable housing and community services. The needs identified as the primary CD needs in the AA were affordable housing and support for small businesses.

Community Development Initiatives

The institution occasionally makes use of innovative and/or complex investments to support CD initiatives.

SERVICE TEST

CBC demonstrates adequate performance under the Service Test in the NorCal AA. Adequate level of CD services primarily supports this conclusion.

Accessibility of Delivery Systems

Delivery systems are reasonably accessible to essentially all portions of the NorCal AA. The branch distribution and alternative delivery systems in the AA are consistent with the institution overall. CBC operates four full-service branches and no ATMs within this AA. Two ATMs were at the Dansville and Oakland branches after the merger with CBB in November 2024. The ATMs were located in upper- and middle- income CTs and have subsequently been decommissioned.

The following table shows the distribution of CTs, population, and branches in the AA by CT income level as of the date of the evaluation.

Branch and ATM Distribution by Geography Income Level Northern California								
Tract Income Level	**Census Tracts**		**Population**		**Branches**		**ATMs**	
	#	**%**	**#**	**%**	**#**	**%**	**#**	**%**

Source: 2020 Census Data and Institution Records								

Changes in Branch Locations

To the extent changes have been made, the opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in LMI geographies and to LMI individuals.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the AAs, particularly LMI geographies or individuals. All branches are full-service and offer the same products and services. Business hours are generally similar and vary slightly according to local area needs. Business hours are generally from 9:00 a.m. to 4:00 p.m. Monday through Friday.

Community Development Services

The institution provided an adequate level of CD services in the AA. During the limited review period, 136 hours of CD services were conducted within the AA and solely focused on community service. All service hours were conducted in 2025. Accounting for the institution's overall branch footprint in the AA and limited time in the AA, CBC provided an adequate level of CD services. CD services solely supported community services targeted to LMI individuals and families.

The following are notable examples of CD services provided in the NorCal AA:

- In 2025, an employee provided 25 hours of service as an advisory board member for a building expansion project aimed at enhancing services for LMI individuals in the community.

- In 2025, an employee provided 14 hours of service as a board member to an organization whose mission is to supply financing to small businesses through the SBA 504 program.

- In 2025, an employee provided 21 hours of service as a board member to an organization whose mission is to support LMI people with intellectual and developmental disabilities by providing work programs and community programs.

APPENDICES

LARGE BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the FDIC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, other secured, and other unsecured. The bank's lending performance is evaluated pursuant to the following criteria:

1) The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area.
2) The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:
    i. The proportion of the bank's lending in the bank's assessment area(s).
    ii. The dispersion of lending in the bank's assessment areas(s); and
    iii. The number and amount of loans in low-, moderate-, middle- and upper-income geographies in the bank's assessment area(s).
3) The distribution, particularly in the bank's assessment area(s), of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:
    i. Home mortgage loans low-, moderate-, middle- and upper-income individuals
    ii. Small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less.
    iii. Small business and small farm loans by loan amount at origination; and
    iv. Consumer loans, if applicable, to low-, moderate-, middle- and upper-income individuals.
4) The bank's community development lending, including the number and amount of community development loans, and their complexity and innovation; and
5) The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- and moderate-income individuals or geographies.

Investment Test

The Investment Test evaluates the institution's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s). Activities considered under the Lending or Service Test may not be considered under the investment test. The bank's investment performance is evaluated pursuant to the following criteria:

1) The dollar amount of qualified investments.
2) The innovativeness or complexity of qualified investments.
3) The responsiveness of qualified investments to available opportunities; and
4) The degree to which qualified investments are not routinely provided by private investors.

Service Test

The Service Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of its community development services.

The bank's retail banking services are evaluated pursuant to the following criteria:

1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper-income geographies.
2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals.
3) The availability and effectiveness of alternative systems for delivering retail banking services (*e.g.,* RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and
4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

The bank's community development services are evaluated pursuant to the following criteria:

1) The extent to which the bank provides community development services; and
2) The innovativeness and responsiveness of community development services.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five-year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

(1) Support affordable housing for low- and moderate-income individuals.
(2) Target community services toward low- and moderate-income individuals.
(3) Promote economic development by financing small businesses or farms; or
(4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development.
- Serving an investment area or target population.
- Providing development services.
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means.
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

(1) Has as its primary purpose community development; and
(2) Except in the case of a wholesale or limited purpose bank:
  (i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
  (ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

(1) Has as its primary purpose community development.
(2) Is related to the provision of financial services; and
(3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

(1) An unemployment rate of at least 1.5 times the national average.
(2) A poverty rate of 20 percent or more; or
(3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into "male householder" (a family with a male householder and no wife present) or "female householder" (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (for example, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (for example, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (for example, geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA):** All areas outside of metropolitan areas. The definition of nonmetropolitan areas is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of $1 million or less and are either secured by non-farm non-residential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of $500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.

11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.

11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.

COMMERCIAL BANK OF CALIFORNIA

RISE ECONOMY

FIVE-YEAR COMMUNITY BENEFITS AGREEMENT

September 10, 2024

19752 Macarthur Place,
Irvine CA 92612

Rise Economy
77 Van Ness Ave, Ste. 101 – 1312
San Francisco, CA 94102

The Commercial Bank of California (CBC), along with Rise Economy, establish this public pledge to ensure continued support of the communities in which CBC and Community Bank of the Bay are located. The following points not only ensure the respective communities maintain their current level of banking services but also establish a new baseline for these communities by increasing services and convenience provided by the combined bank.

- Baselines. CBC agrees to increase overall CRA activity, small business lending, community development investments, CDFI support, and contributions above baseline over the next five years, as further discussed below. Baselines will be calculated by taking the greater of 2024 performance, or the average performance from 2022-2024 for CBC and Community Bank of the Bay, for each category of activity (overall CRA activity, small business lending, community development investments, CDFI support, and contributions). However, if 2024 shows a substantially high level of CDFI investments or grants due to one-time grant-related award investments, then the baseline for that activity will be set at the average of overall activity from 2022-2024, including the one-time awards. CBC will work in good faith to provide an estimate of all baseline figures within one month of the signing of this agreement, with final calculations to be shared and determined in Q1 2025.

- Overall CRA Activity. CBC agrees to increase overall CRA activity above baseline performance by CBC and Community Bank of the Bay by 1.25x in 2025 and 2026, and by 1.5x in 2027, 2028 and 2029. Overall CRA activity is defined as the total of mortgage lending, small business lending, community development lending and investments, and contributions as defined by the CRA.

- Small Business Lending. CBC agrees to increase small business lending activity above baseline performance by CBC and Community Bank of the Bay by 1.25x in 2025 and 2026, and by 1.5x in 2027, 2028 and 2029.
    - Targeting smaller businesses. CBC further commits to best faith efforts to ensure that:
        - 50% of small business lending is originated to companies with < $250k annual gross revenue and
        - 50% of small business lending is originated in loan amounts of < $100k.
    - Small business referral program. CBC commits that 25% of small business loan declines will be referred to non-profit CDFIs, community lenders and/or technical assistance who may be able to provide funding to small business loan applicants or help them to become bankable.
    - Special Purpose Credit Program. CBC commits to developing a Special Purpose Credit Program for BIPOC-owned small businesses to help address the credit needs of underserved small businesses. CBC will develop this Special Purpose Credit Program in coordination with the FDIC and in consultation with Rise Economy and its members.

- Community Development Investments. CBC agrees to increase community development investment activity above baseline performance by CBC and Community Bank of the Bay by 1.25x in 2025 and 2026, and by 1.5x in 2027, 2028 and 2029. CBC will attempt to prioritize investments in CDFIs, Community Land Trusts, Native Land Areas and tribal initiatives. CBC also commits to make good faith efforts to participate in social impact bonds.

- Contributions. CBC agrees to increase contributions activity above baseline performance by CBC and Community Bank of the Bay by 1.25x in 2025 and 2026, and by 1.5x in 2027, 2028 and 2029.

- CDFI Status and Community Development Banking. CBC certifies that it will apply to attain CDFI certification with the Department of Treasury's CDFI Fund. CBC will also maintain membership in the Community Development Bankers Association, or at minimum support the Association via the Chairman's Challenge, irrespective of whether its CDFI application is successful. Further to this end, CBC will extend Community Bank's current relationship with its CDFI consultant and establish a Community Development Leadership position within the resultant entity reporting directly to CEO Ash Patel.

- Anti-Displacement Code of Conduct. CBC agrees to and has signed Rise Economy's Anti-Displacement Code of Conduct.

- Public Bank. CBC agrees to deposit up to $750,000 in Public Bank East Bay (PBEB) (in formation), contingent upon a financials review of PBEB and the ability to structure deposits so as to secure FDIC insurability of funds.

- Green Commitments.

    - The Bay Area Green Fund (BAGF) allows environmentally conscious depositors to open accounts and CBC promises to only use the funds for environmentally sustainable projects or companies. If such deposits exceed loans, CBC puts the money in US Treasuries. This allows those depositors who really care about this issue to do good with their money. CBC will maintain the BAGF and may expand it out to all of California.

    - CBC further agrees to refrain from all loans and investments in fossil fuel companies and fossil fuel extraction projects.

- Branches. Within the next five years, CBC will open one additional LMI / Majority Minority branch. CBC also agrees to no branch closures.

- Fees.
    - CBC does not charge Overdraft (OD) or Non-Sufficient Funds (NSF) fees to its consumer customers, though Community Bank of the Bay currently does. The CBC policy of not charging consumers will survive the Closing and be the resultant bank's policy.
    - CBC further agrees to consider reducing or eliminating OD and NSF fees charged to small business customers within two years of the start of this agreement.

- Jobs. CBC agrees that no front-line tellers, CRA or Community Development staff will lose their jobs or suffer reduced hours as a result of this merger.

- Reporting. CBC commits to producing an annual Impact Report and will ensure this is delivered to Rise Economy, with actual-to-goal reporting. The first report will be provided in Q1 2025 and will contain FY22-24 data so the greater of 3 years averages or trailing year basis can be measured.

- Annual Meetings. CBC agrees to meet with Rise Economy members annually to review the Bank's progress in implementing the CBA. For these annual meetings, Rise Economy will request to meet at a mutually agreeable time and place with the Bank and its CEO.

- Transparency. CBC and Rise Economy will post this CBA on their respective websites.

- New CBA. CBC commits to revisit the terms of this CBA in good faith, if there is a triggering event, such as a material event, a new merger, or in any event at the end of five years, subject to safe and sound operation.

- CBA as part of CBC merger application. CBC will request the FDIC make this CBA a part of its formal application and merger approval. Note that all terms of this 2024 agreement will be subject to safety and soundness considerations.

Agreed: Commercial Bank of California

Ash Patel, President and CEO

Agreed: Rise Economy

Paulina Gonzalez-Brito, CEO
